HANDS DOWN, THE BEST RIDE

2017

Jayco
Generations of family fun.

#LETSJAYCO

Where do you want to go? With Jayco, you're headed straight for family fun—regardless of the destination. From wooded campgrounds to sandy beaches, swimming hole docks to scenic highways, maximize the moment with unmatched quality and added comfort. So what are you waiting for? Make new memories—and share them with the world.

GENERATIONS OF FAMILY FUN

Redhawk: Page 4

Uncompromising construction and design make the reliable Redhawk one of the best values in its class

Greyhawk: Page 6

Fully loaded and then some, the Greyhawk's array of features makes camping comfortable and, of course, fun

Melbourne: Page 8

Fuel-conscious and agile, able-bodied and durable—the Melbourne is built ready for adventure after adventure

CLASS C MOTORHOMES

REDHAWK™ GREYHAWK™

MELBOURNE™

MAJOR COMFORT FOR MAXIMUM FUN

From large and luxurious to compact and ready to roll, Jayco's 2017 Class C lineup has something for every kind of RVer. Strategic floorplans maximize space and no detail is spared, making these motorhomes as smooth and comfortable on the road as they are at camp.

WE CARE ABOUT GETTING THERE AS MUCH AS BEING THERE

JRide* is a powerful blend of precise handling and renowned stability. Hands down, it's the best ride. **Experience JRide for yourself—visit your local dealer and take a test drive.**

JRIDE

A REDHAWK STANDARD

http://www.jayco.com/products/class-c-motorhomes/2017-redhawk/jride/

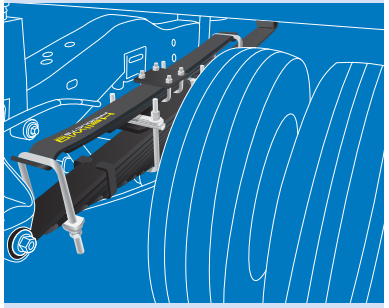

JRIDE PLUS

A GREYHAWK STANDARD

http://www.jayco.com/products/class-c-motorhomes/2017-greyhawk/jride-plus/

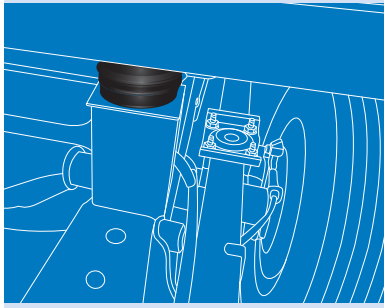

HELLWIG® HELPER SPRINGS

JRIDE JRIDE PLUS

Work with the chassis' existing springs to give the RV more support, improving stability under heavy loads

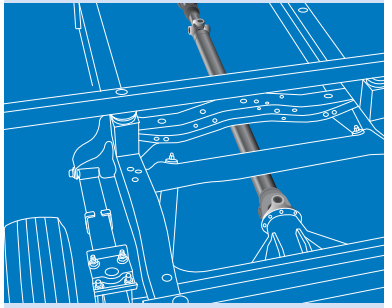

RUBBER ISOLATION BODY MOUNTS

JRIDE JRIDE PLUS

Positioned near the tires to absorb road shock, dampen noise and minimize vibrations

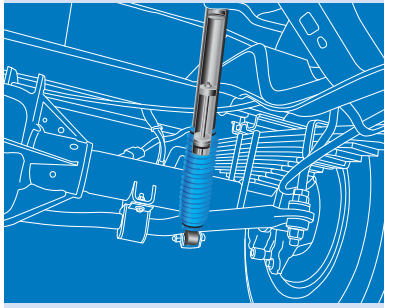

COMPUTER-BALANCED DRIVESHAFT

JRIDE JRIDE PLUS

Ensures smooth and efficient power transfer to the wheels

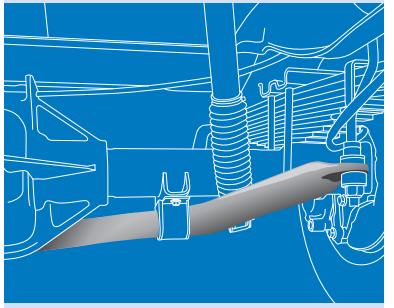

BILSTEIN® SHOCK ABSORBERS

JRIDE PLUS

Feature a unique monotube gas-pressure design that provides optimum ride quality and vehicle control; Bilstein shock absorbers last 2-3 times longer than the conventional twin tube piston and are found in many high-end luxury vehicles

HEAVY-DUTY STABILIZER BAR

JRIDE PLUS

Reduces the body roll of a vehicle during fast cornering or over road irregularities

*Each model contains different JRide components. Visit jayco.com for more information. Not available on Melbourne.

REDHAWK

Jayco's unmatched craftsmanship, superior handling and a spacious interior that sleeps up to 10 make the 2017 Redhawk one of the best values in the Class C lineup.

MAKING MEMORIES
THAT LAST GENERATIONS—LET'S JAYCO

Whether you're out for excitement, relaxation or just time together, we take steps others don't in order to help you stay focused on the fun. No cutting corners here. Let us go the extra mile so you don't have to.

THE JAYCO DIFFERENCE

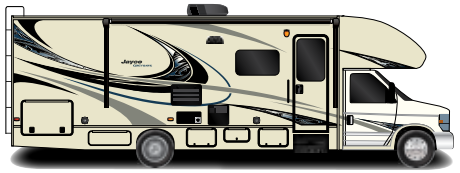

1. **One-piece seamless front cap** for increased durability and protection
2. **750-pound overhead bunk capacity** offers nearly 250 pounds more than the industry average for greater safety and peace of mind
3. **Integrated electric step** maximizes ground clearance and floor space
4. **Integrated third brake light** is a Class C first that improves safety on the road
5. **Seat belts in every position** secure the most precious cargo
6. **Frameless windows** make exterior maintenance easier than ever and give the unit a sleek, modern look

Gross Vehicle Weight Rating (GVWR): The maximum permissible weight of the motorhome, including the Unloaded Vehicle Weight (UVW) plus passengers, personal items, all cargo, fluids, options and dealer-installed accessories. The GVWR is equal to or greater than the sum of the UVW and the Cargo Carrying Capacity.

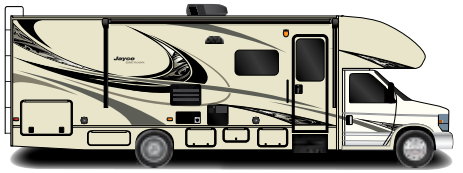

Gross Combined Weight Rating (GCWR): The maximum allowable combined weight of the motorhome used as a tow vehicle and the attached towed vehicle.

It is important for your safety and enjoyment that you are aware of the weights and tow ratings of the RV you select. Consult a competent advisor for questions or advice. Whether you are new to RVing or a veteran, get a feel for the performance of your RV before heading out on the roadways. When you tow a vehicle with your RV, you must drive differently than when you drive a single vehicle. Practice hooking up, driving, backing up and braking in a safe environment or seek out professional instruction. Jayco affixes a weight label to each RV which lists weight information for that vehicle. Refer to that label to verify the vehicle will meet your requirements.
