VANLEIGH RV

We understand that you have many options to consider when purchasing a new RV and we thank you for taking the time to consider ours. Our family has been in the RV manufacturing industry for over 40 years. The Vanleigh team gets to work well before dawn every morning with one goal in mind, to create the best built product in the marketplace. We believe in building a product that we would want to RV in, whether it's for a weekend getaway or a yearlong hiatus. That's why every Vanleigh RV is made knowing that our customer's journey is their home.

BUILT AROUND YOU

VANLEIGH RV

BUILT AROUND YOU

We've always prided ourselves in putting our owners first. To build the best product and service it, with the same quality and care. It's at the core of who we are. We appreciate your consideration of Vanleigh RV.

— Bob and Leigh Tiffin

All Warranties are not created equal.

See why ours stand the test. At Vanleigh RV, building a quality coach is our primary focus. Our warranty reflects our confidence in the construction of our unit. From the beginning phases of production we have pressurized water on our units. Throughout our production process we run systems checks on every component in the RV. Once your RV is completed it is taken outside to our onsite campground where it is hooked up to full services and put through an additional PDI inspection. We are proud to offer this accountability to our customers along with the following basic limited warranties:

3 Year Construction Warranty:

The structure of the welded frame of the RV is warranted for 3 years (36 months)

1 Year Base Comprehensive Warranty:

Your coach has a limited warranty against defects in materials and workmanship for 12 months of ownership

Ongoing Owner Support

Vanleigh is proud to offer exceptional customer support. E-mail us at customercare@vanleighrv.com or call us at 662-612-4040. We build our units with tested and proven components. Many of these components carry their own respective warranties. Please see owner's manual for the warranties of components.
