THE ENTEGRA COACH ADVANTAGE

THIRD BRAKE LIGHT AND BACKUP CAMERAS

Backing up a motorhome is much different than your everyday vehicle. It can be expensive, tricky and even impossible to retrofit some motorhomes with additional safety signals or rear-view cameras. At Entegra Coach, backup cameras and third brake lights are installed on each and every motorhome. These features allow you to navigate with ease, while helping deliver you to your camping destination safely.

STRONG ROOF

Not only is a strong roof important because it's key to the overall structural integrity of a coach, but also for maintenance purposes. The roof may need some TLC throughout camping season. The ability to safely walk on the roof to perform some simple cleaning and sealant maintenance is a huge perk for Entegra Coach owners. Not to mention how it can endure a surprisingly heavy snowfall or falling tree limb.

ONE-PIECE, SEAMLESS FRONT CAP

Entegra Coach's front cap sets the bar in the industry as the only one-piece seamless cap available. This industry-exclusive cap resists water damage from moisture and debris better than the competition, which reduces the chances of costly repairs and time off the road.

TOWING CAPABILITIES

Entegra Coach engineers motorhomes with a tongue capacity at ten percent of the tow capacity, which is the optimal ratio. In turn, this allows Entegra Coach customers to tow more, without the need for a weight distribution hitch.

SAFETY BELTS ON ALL SEATS

Everyone would agree the most precious cargo is the loved ones you travel with. Jayco installs stress-tested seatbelts in every designated seating location to ensure the safety of your entire family. In an Entegra Coach motorhome, you won't have to put anyone at risk due to limited safety belts.

TUFFSHELL™ LAMINATED WALLS

Entegra Coach's exclusive Tuffshell wall construction process uses vacuum bonding to laminate fiberglass with welded aluminum framing, metal backers, decorative interior wall panels, and fiberglass exterior siding. This super-durable structure is designed specifically for heavy use and travel while still reducing weight.

750-lbs.
OVERHEAD CAPACITY

300-lbs.
STANDARD CAPACITY

UNBEATABLE BUNK RATINGS

Entegra Coach has designed our overhead bunks to hold 750 lbs. - this is 250 lbs. more than any of our competitors. Entegra Coach's superior bunk capacities extend beyond the overhead bunks, with a capacity of 300 lbs. in each standard bunk, as well.

SOLAR HOOKUPS, LED LIGHTING

It's not only environmentally friendly, but solar hookups reduce the cost and load of electrical use in your RV at camp. More and more motorhomes are equipped with solar hookups or prepped for easy installation. LED lights are another energy-saving option many RVs offer. Both solar prep and LED lights will be found on all Entegra Coach motorhomes.

WE GO TO GREAT LENGTHS TO BUILD BETTER RVs

You can count on our motorhomes – and our focus on family fun – to go the distance. So you can maximize every moment, no matter where the journey takes you. These are the extra steps we take to set Entegra Coach motorhomes apart.

THE E-Z DRIVE® RIDE AND HANDLING PACKAGE

Entegra Coach's E-Z Drive packages, which offer a powerful blend of precise handling and renowned stability, make the journey as enjoyable as the destination. These important additions make your trip more comfortable without the need for expensive aftermarket upgrades.

ENTEGR COACH 2+3 WARRANTY

Entegra Coach's warranty is the best in the RV business. The two-year limited warranty is twice as long as the industry standard, keeping you covered for two full camping seasons. Add to that the three-year structural limited warranty and you've got the most complete coverage that provides a peace of mind.

RESALE VALUE

When establishing a trade-in value, motorhomes are valued by their base price only. Any optional equipment will not be included in this number. Entegra Coach motorhomes come packed full of standard features, with very few items left to option in. By building desired options into the base price of the coach as standard features, rather than adding them as options, Entegra Coach builds a higher resale value into their motorhomes. This leads to a better return on your hard-earned investment.

EZ EZE

HELLWIG® HELPER SPRINGS

Work with the chassis' existing springs to give the RV more support, improving stability under heavy loads

EZ EZE

RUBBER ISOLATION MOUNTS

Positioned near the tires to absorb road shock, dampen noise and minimize vibrations

EZ EZE EZP

COMPUTER-BALANCED DRIVESHAFT

Ensures smooth and efficient power transfer to the wheels

EZ EZE

STABILIZER BAR(S)

Reduces the body roll of a vehicle during fast cornering or over road irregularities

EZE EZP

HEAVY-DUTY REAR STABILIZER BAR

A larger bar and polyurethane bushings, instead of rubber, transfer power faster for extra support, more stability and easier handling

EZE

KONI® SHOCK ABSORBERS

Koni's FSD technology adapts to the road and provides the perfect blend of comfort and control

EZP

FULL AIR BRAKES

Deliver robust stopping power, even on grade

EZP

REAR AIR SUSPENSION

Softens ride and improves handling

EZP

SACHS SHOCK ABSORBERS

Large-diameter tube design pairs gas and hydraulics to resist heat and pressure while independently adjusting to changing road conditions

ODYSSEY

Equipped with

FOR THE LOVE OF FREEDOM

The Odyssey has the classic Class C body, but there's nothing old fashioned about it. While it's our most approachable Class C, we've taken ideas, designs and styles you've come to expect from Entegra Coach and built them into the Odyssey—a one-piece seamless front cap with automotive-bonded panoramic front window, rear back-up camera and monitor and frameless windows, just to name a few. Odyssey is built on the rugged Ford® E-450 chassis and is equipped with E-Z™ Drive for an especially stabilized, comfortable ride.

ODYSSEY

Living area featuring swivel driver and passenger seats, LED- lit slideout fascia and LED-lit countertops

Shower featuring decorative surround, glass doors and skylight

Kitchen featuring recessed stainless steel sink, Furrion® all-in-one cooktop and oven, 8 cu. ft. gas/electric refrigerator and convection microwave

Bedroom featuring walk-around Queen-sized bed, nightstands and ample storage

ODYSSEY FLOORPLANS

Looking to get into your first Class C RV, or your first Entegra Coach?

Odyssey may be the motorhome for you, with a surprising number of high-end features and a ride to match.
